Subject: Microsoft Settlement

To Whom It May Concern

I would like it known that I feel this issue should be settled as soon as possible. I believe that it is hurting the economy greatly and is a waste of tax payer dollars. Money that could be used in many other places where it is greatly needed. This is and has been one of the biggest scandals in the history of business. For the good of all people in the United States of America please settle this so Microsoft can get on with business. Business that helps our Nation stay on top.

Sincerely,
Shirley J. Fabian
